- **Hundreds of variable reporting features and tools** for multi-level users and management teams.
- **FREE software upgrades monthly**
Customers have access to universal platform changes regularly for improved application performance.
- **Wholesale partnerships** with major hardware and connectivity providers around the world.
- **Hosting, Development and Business Consulting Services.**
- **Solid customer base** with referrals available upon request.

GREATER VISIBILITY AND CONTROL THROUGH ADVANCED TANKER MONITORING APPLICATIONS

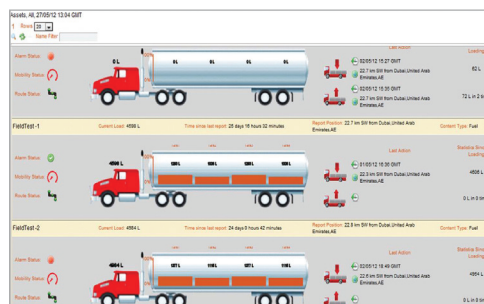

ROAMWORKS tanker monitoring solution allows companies the insight they need to maintain control over their assets- any where, any time. With the quick installation of sensor based devices and the power of our ROAM platform, users can choose from our already proven features that support tanker monitoring or we can customize the application to provide unique scenarios and reporting capabilities.

ROAMWORKS delivers a comprehensive Web-based software solution that integrates hardware and application configurations that are tailored to meet business needs. Customers have the ability to brand the application, customize their feature-set and reporting structure and be up and running in days.

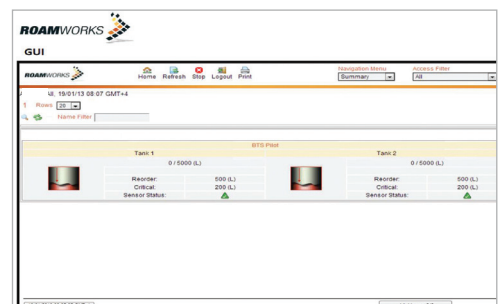

SOLUTION ARCHITECTURE

ROAM™ TANKER MONITORING FEATURES

Gain greater insight into single or multiple compartment tankers, allowing Administrators to schedule alarms, notifications and custom reporting.

Identify operational status and address maintenance requirements before they are critical - monitor reorder levels, sensor status, theft, power failures and more.

ABOUT ROAMWORKS

Founded in 2000, **ROAMWORKS** sets a new standard in mobile and fixed asset tracking and monitoring. Drawing on decades of wireless experience — with particular emphasis in communications and messaging, software design for multi-level user interaction, distribution and logistics, facilities management, financial services, and data security — our engineers and executives have delivered revolutionary market applications now used in over 30 industries across the globe.

With corporate offices in Dubai (UAE), Atlanta (USA), Bonn (Germany), and Riyadh (KSA), **ROAMWORKS** is constantly evolving to quickly fulfill niche market demands and improve business performance for customers worldwide. Call today or visit roamworks.com to learn more.
